WHY DEVOPSDAYS ZURICH?

ABOUT DEVOPSDAYS

Since 2017 DevOpsDays Zurich is an event organized by enthusiasts for enthusiasts. Focusing on knowledge, networking and a connecting atmospheric vibe, the conference attracts speakers from all over the world and participants with skills ranging from the hands-on developer to experienced senior managers. As part of the worldwide DevOpsDays family, our event is a non-profit conference solely organized by volunteers.

CLOSER TO THE COMMUNITY

Thanks to our “Sponsor Bingo” you will have more visitors at your booth, as participants will collect stamps on a Bingo card at your booths: Your time to engage! Three lucky participants will win a high-quality prize offered by the conference organizers at the end of the conference.

YOUR IMPACT

As ticket prices are affordable for all participants, the conference is heavily funded and supported by yourselves, the sponsors. As a sponsor, you offer visible support and connection to the worldwide DevOps community, while exposing your company as a frontrunner in new technology trends.

SPONSORING PACKAGES

This year we have clustered the available packages into **Gold**, **Silver** and **Bronze** offerings, a **special celebration Birthday Party** package and a set of **Food and Beverage** sponsorships. Whether you are looking for talent, aim to promote your company, tools & services, or want to support the event without a booth – we have the right package for you.

CENTRAL LOCATION

DevOpsDays Zurich will take place again in the Alte Kaserne in Winterthur. Located in the heart of the old town, only 20 minutes by train from Zurich Central Station and 15 minutes from Zurich Airport, the charming location offers an ideal atmosphere for this great community conference.

We are looking forward to the 10th anniversary of the DevOpsDays Zurich in Winterthur and meeting you as a sponsor.

Become a sponsor and support 10th anniversary the DevOpsDays in Zurich!

SPONSORING FAQ (1/2)

As a sponsor, do I get a speaker slot?

No. We do not sell conference speaking slots, but you are welcome to participate in the [call for proposals](#) like everyone else.

What are the requirements for my logo

For including your company logo into our communication, we need you to send us your company logo with at least 300dpi, plus a link to the website we should link to. **Please send us your logo with (or shortly after sending) the sponsorship agreement, so we can include it early.**

Can I get more tickets than my package offers?

If you require further tickets, ensure to buy them online via [our ticket page](#) as early as possible, as we sell out early. **We do not hold back additional tickets for sponsors.**

What are the demographics of the attendees?

We only collect a minimum of data of our attendees while registration, so **we only have limited insights.** According to feedback surveys (not representative), most attendees are development, operations, quality, or security practitioners. Management roles make roughly 20% of the audience.

What do I need to know about my booth?

Gold and **Silver** sponsors will get a 3m x 3m (9sqm) booth, which comes with a **table, two chairs, power outlet and wifi.** (More/less tables/chairs on request). We do not provide or convey TV screens, so you must bring/rent them on your own. Do not change or expand your booth without the written agreement of the organizers. Do not provide any food or beverages which compete with our event caterer.

Gold sponsors only: Your booth is in the same room as the conference main stage. **We urge you to not perform any client talks while speakers conduct their talks on the main stage,** in to avoid any disturbing noise for the audience.

As a sponsor, do I get a list of attendees?

Not from us. We don't ever distribute attendee contact information. If you wish to collect leads, you will have to talk directly to participants and request their contact info. Vendors also often raffle off prizes ranging from large Lego sets to tablets and other desirable items, collecting contact info in the process.

Is there a “Swag Bag” for conference participants?

No. As organizers we try to create the conference as sustainable as possible. We have therefore decided not to offer “Swag Bags” at the event (as we did in previous years). **However, you are free to hand out giveaways at your booth on your behalf to the participants.**

What is a Sponsor Bingo?

On-site booth (“**Gold**” and “**Silver**” package level) sponsors will participate in a prize draw organized by us. Attendees will get a “Sponsor Bingo” card at the registration desk, which they can use to collect stamps (provided by us) at each sponsor booth. A completed “Sponsor Bingo” card is entitled to participate in a **high-quality prize raffle conducted by us at the end of the conference.**

SPONSORING FAQ (2/2)

What are the payment options?

We accept bank transfers only. If this is not working for you for some reason, please contact the organizers so we can find an alternative solution.

Who should we send to the conference?

We have found that companies get a better response when they send technical staff that can interact with the attendees during sessions, Open Spaces, and breaks. Sponsor personnel are free to attend the sessions and participate in the group conversations and Open Spaces process as part of the community.

As a practitioner-focused event, this isn't necessarily a place where pure marketing and just trying to collect leads is as effective as engaging with the attendees with demos and technically knowledgeable people.

What behaviour is expected from our sponsors?

Sponsors are expected to follow our event's Code of Conduct. Please refrain from performing activities disruptive to the event or activities, which are noisy and disrupt conference talks or activities.

How are sponsors selected?

In general, we apply a first come, first serve principle. The start of the sponsorship campaign will be announced to all individuals, who have subscribed to our sponsor mailing list on our website.

Over the past years, we have been in a fortunate position to work with great companies who supported the event via sponsorships, or employee engagement in the organizer team. To show our gratitude to these companies, we'll inform them slightly earlier about the start of the new sponsorship campaign.

How does the one-minute pitch work?

Certain sponsors are given a one-minute slot on the main stage or the Birthday Party to introduce themselves and their company to the full audience. The specific schedule will be communicated to you in advance, and you are expected to be ready at the given time to deliver the pitch. You can't use slides during the pitch, but we'll have your company logo on the projector screens, during the pitch.

Can we ship booth related stuff ahead?

Yes, you may do so. Please inform us what you would like to send, and we will provide the necessary details.
